PROFESSIONAL SUMMARY

Full-stack and mobile software engineer with 5+ years of experience building scalable web and mobile products with React.js, React Native, Next.js, Node.js and MongoDB. Has shipped 22+ projects across full-time, remote and freelance roles for teams in India and the United States — from a diabetes-care app on the App Store to an AI sports-analysis platform used by USA Baseball scouts. Owns products end to end: Figma UI/UX, architecture, development, store releases and roadmap. Founder of LearnReFill, a coding-education platform, and creator of 10+ live apps on Google Play and the App Store.

TECHNICAL SKILLS

Frontend	React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Tailwind CSS, HTML5, CSS3, MDX, Responsive UI
Mobile	React Native (CLI), React Native Paper, Push Notifications, Offline-first apps, Play Store & App Store
Backend	Node.js, Express.js, MongoDB, REST APIs, WebSockets (real-time), Python
